WELCOME BACK TO

# NEWBERRY ELEMENTARY 20.21

Quick Guide to Our Response to COVID-19

## MASK POLICY

All persons (students, staff, contractors, vendors and visitors) must wear appropriate face covering that cover both the mouth and nose when on school board property, or riding a bus.
Exceptions to the mask policy for students must be documented by a medical provider to be excused from the mask covering requirement.

## BREAKFAST AND LUNCH

Students may arrive on campus starting at 7:15 a.m. Only students who are eating breakfast may go into the cafeteria. All other students will go straight to class.
All students will eat in the cafeteria for lunch. At this time, we can not have visitors come have lunch with students.

## SAFETY AND WELLNESS

Classroom seating will be at least 6ft apart when feasible. Student friendly signage for handwashing and self-hygiene will be displayed. Floor markers will be placed on the floor to communicate social distancing.
Cleaning and sanitizing protocols are in place and will be followed throughout the day.

## PRESCREENING

All employees and visitors will be prescreened upon entering the building.
This is includes a health questionnaire, a temperature check, and use of an appropriately worn face covering.
Students will have daily temperature checks prior to entering the school building.

## TEACHING AND LEARNING

Student learning continues to be a priority for us at Newberry Elementary School. While the platform may look different, our panther teachers remain committed to providing students with standard aligned instruction that is differentiated to meet the needs of individual learners.
