

Infinite Campus Communiqué # 1

Greetings to all.

“May you live in interesting times.”

The old Chinese proverb will be taking on real meaning for us all over the next few months. We'll all be transitioning from our well-known student information system – CICS – to a new system – Infinite Campus. The transition will provide new tools for teachers and staff that will enhance the instructional process.

The migration to Infinite Campus (IC) will require us to change some of our ‘ways of doing business’ and provide an opportunity to change others to make us more efficient. These changes will require close communication. Before the change to IC, the communication will take place through SBAC’s Google mail system. Once IC is up and running, it will also occur within the IC environment.

We'll be sending out periodic communiqués to keep everyone abreast of important changes. Some of the messages will be broadcast to all, others will be sent out to specific personnel affected. All communiqués will be posted on a web page at <http://www.sbac.edu/~ic/index.html>

As you finish up the school year and begin your summer activities, you can keep up with the changes by periodically checking your SBAC email. When school starts in August, Infinite Campus will be an integral part of your every day world.

Interesting times, indeed!

Infinite Campus Implementation Team
