

5 Rules for Internet Safety

1. Use only your first name. Do not give out your personal information or address or send pictures.
2. **Never** agree to get together with someone you "meet" online.
3. Don't believe everything you read. The person you think is a girl your age may be an older man.
4. If you become uncomfortable with anything you see or read online tell your parents or teacher. Do not reply to messages that make you uncomfortable.
5. Do not tell anyone your account password.

Parent Information

How you can help keep your child safe online

1. Place the computer in the most public room in your home.
2. Make ground rules for your child's internet usage.
3. Spend time using the internet with your child.
4. Tell your child not to ever give out personal information without your permission.
5. Make sure you are present if your child wants to meet someone they met online.
6. Tell your child not to respond to messages that may make them feel uncomfortable, and make sure your child reports those messages to you when they occur.
7. Inform your internet service provider of any inappropriate uses of the Internet found by you or your child.
8. Encourage children to share sites they find online.
9. Know what parental controls, (i.e. filters), can and cannot do and how they work.
