To: To All Prospective Offerors  
Re: Request for Proposal #10-09 – Telecommunication Services – **ADDENDUM #3**  
From: W. Hackett, Purchasing Department  
Date: October 14, 2009

The following information is provided to all prospective Offerors and shall become part of the pending contract to furnish telecommunication services in accordance with the RFP document. Offerors shall acknowledge receipt and acceptance of this addendum by signing in the spaces below. Offerors shall include one signed original copy of this addendum with their Proposal under Tab 1.

**ADDENDUM NO. 3**

Answers to questions posed by a prospective Offeror are provided below.

- Q: Kirby Smith (pg 17) – It states that SBAC needs “200mb of eth. to 301 SE 5th St.” I just wanted to verify it was 200M of Ethernet. Is this dedicated internet bandwidth or voice and data?  
A: 200M dedicated/Symmetric point to point data transport only.
- Q: There is also listed 2 full PRI- do you want to run the PRI on the Ethernet connection or have separate T1s for the PRI to run on?  
A: Separate
- Q: I know currently the county runs through 2 main carrier areas- Windstream and ATT and there is probably not one carrier that can service the entire RFP cost effectively so I wanted to make certain that if we submitted for the areas that NuVox could cost effectively service, would it be seriously considered? Can we submit segments of service such as for all schools in Gainesville?  
A: If you are referring to SBAC Data Center, BHS, Sivia Center, and Kirby-Smith, then yes it would be considered.
- Q: We noticed that you are using Centrex Numbers. Do you actually use any features provided by Centrex? If so, what features are currently in use?  
A: These are the features available under our centrex contract. Placed \* next to the most used.  
\* 900/976 Blocking, Authorization Codes – programming that allows or disallows a call from passing through, Automatic Call Back, \* Billable Call Detail, \* Call Forwarding (all calls, busy, don’t answer, variable), \* Call Hold, \* Call Pickup, \* Call Transfer, \* Caller ID (internal and external), Code Restrictions – built into CAT codes, Directed Call Pick-Up (with or without barge-in), Direct Inward Dialing, Direct Outward Dialing, \* Call Forwarding/Don’t Answer, \* Three-Way Calling, \* Hunting, Intercept, Intercom Dialing (Group and Personal), Last Number Redial, Least Cost Routing, Privacy/Privacy Release, Ring Again - notification when

the busy station becomes available and automatically redials, Speed Dialing Short, Speed Dialing Long, \* Station to Station Calling, \* Toll Restriction Codes (multiple codes for multiple level assignment), Uniform Call Distribution (UCD), Authorization Codes, Calling Name Delivery Calling Name Delivery on Multiple Appearance Directory Number (MADN), Calling Name Delivery Blocking, Least Cost Routing, Station Message Detail Recording (SMDR), \* DECAS

- Q: Also I know the RFP is for LD and wanting suncom rates or better pricing- do you have any idea how much LD minutes you are currently using?
- A: WindStream area ~ 1000 minutes per month. SBAC, BHS, Sivia, Kirby=4000 per month total.

**ALL OTHER TERMS, CONDITIONS, AND PROVISIONS OF THE RFP DOCUMENT REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.**

Respectfully

**SCHOOL BOARD OF ALACHUA COUNTY, FLORIDA**
