On February 7, 2006, the School Board approved a contract with Verizon Wireless to provide cellular phone equipment and services to all District schools and departments. The agreement is based on Verizon's State of Florida contract #725-330-05-1 for Wireless Voice Services. Service prices and ordering information are located below. Please review each document carefully and follow the requisition instructions. Purchasing will review equipment and service orders and forward them to Verizon for processing. Please contact the Purchasing Department if you have any questions.

Important features of the new contract are:

2. Service includes anywhere calling in US from Florida, current cell phone # portability*, voice mail, call forwarding, call waiting, and caller ID.
3. Free cell phone with car charger (one-time only, replacement phones will be charged at full retail price).
4. Cell phone accessories at 25% off of Verizon's retail price.

7. One District-wide invoice per month with sub-accounts for each school/department/grant.
