Since it is report card time, it is a good opportunity to remind those of you who are credit deficient to seek opportunities to make up credit. One way to do this is through the CROP program here at SFHS. You must see your guidance counselor to be registered for a class. Credit totals will not change until the end of the semester, but here is where you should stand right now:

- 9th graders: no credit yet
- 10th graders: 6 credits
- 11th graders: 12 credits
- 12th graders: 18 credits

Students, this is a reminder that there is no such thing as a perfectly secure campus or locker. Your valuables are always subject to loss or theft. School is really not the place for valuables and you should only carry enough money to get you through the day. You should make every effort to always keep your backpacks in sight and never leave them unattended unless they are locked in a locker. But, there is no guarantee that even a locker will prevent someone from taking something of yours that they really want. So – the very best policy is to leave your valuable items at home.
