

## What are Grade Level Expectations?

In 1996 the State Board of Education approved the Sunshine State Standards. These Standards specify what students at each grade (K – 12) are expected to be able to demonstrate before moving on to the next grade.

The expectations for student achievement in language arts, mathematics, science and social studies are explained in the Grade Level Expectations. If you are interested in learning more about the Sunshine State Standards and the Grade Level Expectations you might want to visit the following web sites:

- \* <http://www.firn.edu/doe/curric/prek12/frame2.htm> (overview)
- \* <http://elementarypgms.brevard.k12.fl.us/GLE's.htm> (specific samples)

We also have copies of the Grade Level Expectations available in the office.

Thanks,
