## upcoming events

February: Science Fair set-up : 11th lab closed  
Presidents Day : 18th lab closed

March: Spring Break : 25th -29th lab closed

April: No holidays

## letter from the editor

Happy Spring to all of you! Before you know it we'll all be "spring-breaking".

I have modified the format of our newsletter slightly and hope that you won't miss the craft idea page. Input would be appreciated if you think you might like an additional page of bulletinboard ideas in it's place.

We are extending an invitation to those of you who have not visited our lab in awhile. Perhaps on April 5th, which is the next planning day. We're here all day and hope you might be too. Bring a friend!

We've always got new ideas to share with you. Our latest is a grouping of "placemat fact" ideas. We have designed 11x17 placemats filled with information to help young students remember specific concepts, like the multiplication tables or state capitols. Come check them out. Maybe you have an idea for a placemat too. We'd love to hear from you.

Enjoy your holidays!...see you soon.

Karol

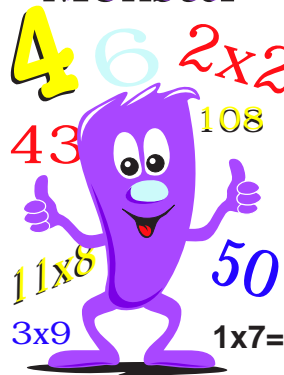

# Wake Up and Read!

One of our new poster designs for you to choose from. Come see our growing selection!

Multiplication Placemat: one of our new ideas. Come see our other selections.
