

Littlewood Media Center Collection Development Plan

Goal: To enhance Littlewood's Media collection in a variety of areas to meet the continuously evolving educational, informational, vocational and recreational needs of our users including students, teachers, parents and community members

Objective #1:

To update Littlewoods nonfiction collection each year by 100 books in order to reach the goal of an average age collection of 2010 – the current average age of the 6082 titles is 1992. State budget and Book Fair funds will be used.

Objective #2:

To update Littlewood's fiction collection each year by 100 books in order to reach the goal of an average age collection of 2010 - the current average age of the 6272 titles is 1998.

Objective #3:

To add 20 online titles each year to support digital reading by students

Objective #4:

To add 20 books in different languages each year as recommended by teachers to support ESOL students

Objective #5:

To have updated computers in media center in order to serve patrons at the highest level for technological needs

Objective #6:

To approach SAC Committee to help fund these objectives – propose a yearly earmark in funds for media center

Objective #7:

To improve comfort level and have inviting environment in library by using ½ cent sales tax initiative for library overhaul
