Purpose of Handbook

Human Resources has developed this Employee Handbook as a guide to help you during the course of your employment with Alachua County Public Schools. This handbook is not intended to be all-inclusive or address every situation that may arise during the course of your employment, nor is it a substitute for Board policies or official statements. If there is any conflict between this handbook and a Board Policy, the policy takes precedence. For more information, please contact your worksite supervisor or the Division of Human Resources at (352) 955-7727, or visit the District's website at: www.sbac.edu. Board policies are shown at the link under "School Board".

The Superintendent of Alachua County Public Schools is responsible for administering the Board's policies, procedures and the provisions of applicable collective bargaining or employment agreements. The Superintendent reserves the right to alter the content or application of this Employee Handbook. While reasonable effort will be made to inform you of changes as they occur, it is your responsibility to review District guidelines and seek clarification as needed.

This Employee Handbook supersedes all other personnel handbooks or employee manuals for Alachua County Public Schools as of August 3, 2021.

Alcohol and Drug-Free Workplace

To ensure your work environment is free from the harmful effects of alcohol and drugs, the District prohibits the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance or alcohol in the workplace. Any violation of this policy may result in disciplinary action, up to and including dismissal and referral for prosecution.

You must notify the Superintendent or designee of any arrest or conviction under a criminal drugs statute no later than 48 hours after such arrest or conviction. For safety-sensitive positions, criminal action resulting from excessive alcohol or illegal drug use may serve as the basis for disciplinary action.

As a condition of employment, job applicants who are considered final candidates for employment will be screened for the presence of drugs. An applicant or employee may be tested for: alcohol, amphetamines, barbiturates, benzodiazepines,

cannabinoids, cocaine, designer drugs, hallucinogens, methaqualone, synthetic narcotics, opiates and phencyclidine.

The District will pay for any initial tests it requires. As an employee or applicant, you may request additional testing at your own expense.

If you, as an applicant, refuse to consent to screening or have a confirmed positive test result, you will be ineligible for hire and eliminated from further consideration.

As an employee, you will be subject to drug and alcohol testing throughout the term of your employment under the following circumstances:

- Routine Fitness For Duty: Drug and alcohol screening performed as part of an annual or routine medical exam;
- Reasonable Suspicion: When there is a reasonable suspicion that job performance is or has been impaired by the use of drugs or alcohol arising from observable behavior.
- Follow-up: After participation in a drug or alcohol rehabilitation program, follow-up testing shall be conducted without advance notice.

If, as an employee, you seek voluntary assistance for substance abuse, you may not be disciplined for seeking assistance. You shall be subject to all District rules, regulations, and performance standards with the understanding that enrollment in a rehabilitation program qualifies as treatment for an illness. Upon returning to work following completion of rehabilitation program, you shall be subject to follow-up testing.

If you refuse to submit to required drug and alcohol testing, you will be subject to disciplinary action, up to and including dismissal.

Additional provisions apply if you are required to possess a commercial driver's license (CDL) or hold another safety-sensitive position.

- A maximum of 700 hours may be accrued.
- Annual/vacation leave can only be taken with the advanced approval of the supervising administrator.
- Non-scheduled vacation leave may not be taken during the first six (6) months of your employment. You may be required to encumber enough vacation days to cover a scheduled vacation. If a sufficient number of vacations days have not been accrued when a scheduled vacation must be taken, you shall take leave without pay.
- Vacation leave shall be scheduled to minimize the disruption to District operations.

If you are an eligible employee who terminates employment, you will be paid for unused vacation leave accumulated through the last full month worked in accordance with Board policy.

REF: Policy 1430.06/3430.06/4430.06, Annual Vacation Leave

Attendance

The quality of education provided by the District depends upon each employee promptly and reliably carrying out his or her job duties. Therefore, it is important for you to report to work as scheduled.

Occasionally, illness or other special circumstance may arise. To address these contingencies, if you are an eligible active duty employee, you may accrue or be granted leave time in accordance with Board policy. Requests for anticipated leave must be submitted with sufficient advance notice and in accordance with District procedures.

A willful absence from duty without leave shall result in the loss of compensation for the time of the absence and a break in the continuity of service. Such an absence may also result in disciplinary action, up to and including dismissal or cancellation of the employment contract.

REF: Policy 1430.03/3430.03/4430.03, Approval of Leaves; 1431.01/3431.01/4431.01 Absence Without Leave

Compensation

As a District employee, you shall be paid in accordance with state and federal requirements, Board policies and, if applicable, your collective bargaining agreement. Paychecks are generally issued on the 15th and 30th of each month.

Your compensation is based on an annual salary schedule adopted by the Board. The salary schedule provides pay differentials based on performance, professional certification, advanced degrees, supplemental duties and/or periods, and other factors determined by the District in accordance with applicable law.

If you were hired after September 1, 2005, you shall be paid promptly by direct deposit in accordance with the payroll schedule and statutory requirements.

If you are a qualified employee, you may elect to receive your salary and supplemental wages in 20 or 21 installments.

On-Call

You may occasionally be required to work or be on-call beyond the normal schedule.

If you are a non-exempt employee who is officially on-call during non-working hours or holidays, you shall be paid in accordance with applicable wage and hour regulations. To determine what compensation, if any, you are entitled to receive for on-call time, the Division of Human Resources will consider a number of factors such as: the on-call duties and time periods covered; required response time; and any physical or geographic restrictions placed on you while on call.

Overtime

If you are a covered non-exempt employee, you shall receive an overtime premium of one and one-half (1½) times your regular hourly rate of pay for time worked in excess of forty (40) hours in a work week in accordance with the Fair Labor Standards Act. For purposes of determining overtime, each work week begins on Sunday morning (12:01 a.m.) and runs through Saturday midnight (12:00 a.m.). Except under emergency conditions to protect District property, all overtime work must be authorized in advance and in writing by the appropriate Division Chief or designee.

Overpayments/Underpayments

Every effort is made to ensure that you are accurately paid for your services. Any error or concern regarding payroll calculations, specific deductions or other concerns shall be brought to the immediate attention of the Board.

It is the intent of the Board that all payroll check stubs accurately reflect the correct information. If it is discovered that you received an overpayment or underpayment, the Board will notify you immediately, in writing, of such overpayment or underpayment. Should you discover an overpayment, you must notify the Board in writing. The Board shall respond to such notice within five workdays.

Underpayments will be corrected no later than your next regular pay period, and the Board will reimburse bank fees incurred as a result of a contract salary underpayment error. A reasonable schedule will be established for the reimbursement of overpayments.

State Board of Education Rule 6A-10.081**

Family, Medical, and Service Member Leave

The Family and Medical Leave Act (FMLA) provides employees **Temporary Job Security** when faced with certain health-related concerns that prevent them from working. In accordance with FMLA, if you meet the eligibility requirements, you may take up to twelve (12) work weeks of unpaid FMLA leave during any school year (July 1st through June 30th) or up to twenty-six (26) work weeks of unpaid Qualifying Exigency Leave during a single twelve (12) month period. This policy does not increase paid leave as provided for under Florida law or Board policies. If you are an eligible employee, you shall be entitled to take a combined total of twenty-six (26) weeks of FMLA and Qualifying Exigency Leave provisions during a twelve (12) month period.

To be eligible for FMLA and Qualifying Exigency Leave, you must have worked for the Board for at least twelve (12) months and a minimum of 1,250 hours over the twelve (12) months prior to the leave request. If you are a full-time teacher who has worked for the District for twelve (12) months, you are deemed to have met the 1250 hour requirement. If you are a member of the Reserves or National Guard, the time you would have worked had you not been called for military service counts toward your eligibility for FMLA-Qualifying Exigency Leave.

If you are an eligible employee, you are entitled to take FMLA or Qualifying Exigency Leave as follows:

Family Leave

- For the birth of a child and/or care of a newborn child within one (1) year of the child's birth; or,
- For the placement of a child with you by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival.

Medical Leave

- For the care of your spouse, child or parent, if such individual has a serious health condition; or,
- For your own serious health condition that prevents you from performing your job functions.

Qualifying Exigency Leave

- For any exigency, as defined by federal regulations, arising out of your spouse, son, daughter or parent being on covered active duty or being notified of an impending call or order to covered active duty in the Armed Forces in support of a contingency operation; or,
- For the care of a covered service member who is your spouse, son, daughter, parent or next of kin (i.e., nearest blood relative).

Unless complications arise, the common cold, flu, upset stomachs, earaches, headaches other than migraines, minor ulcers, routine dental or orthodontia problems, periodontal disease, and similar conditions do not qualify for FMLA leave. FMLA and Qualifying Exigency Leave are provided as a supplement to other leave provisions provided by the Board, and are intended to assist employees who do not have other forms of leave available.

The staff member may request to "substitute" (i.e. run concurrently) any of his/her earned or accrued paid leave (e.g. sick leave, personal leave, vacation leave, compensatory leave) for unpaid FMLA leave. An employee's ability to substitute accrued paid leave is determined by the terms and conditions of the District's normal leave policy. A staff member electing to use any type of paid leave concurrently with FMLA leave must follow the same terms and conditions of the Board's policy that apply to other employees for use of such leave. The staff member is always entitled to unpaid FMLA leave if s/he does not meet the Board's conditions for taking paid leave. On occasion, the Board may waive any procedural requirements for the taking of any type of paid leave.

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) work week period of FMLA leave or twenty-six (26) work week period of Military Caregiver Leave, the additional weeks of leave to obtain the twelve (12) work weeks of FMLA leave or twenty-six (26) work weeks of Military Caregiver Leave, the staff member is entitled to shall be unpaid.

Whenever a staff member uses paid leave in substitution for unpaid FMLA leave/Military Caregiver Leave, such leave counts toward the twelve (12) work

week/twenty-six (26) work week maximum leave allowance provided by this policy and Federal law.

With the exception of unexpected situations, you must submit an application for FMLA or Qualifying Exigency leave at least thirty (30) days before leave is expected to begin. If the leave is to begin prior to the thirty (30) days, you must give notice to your worksite supervisor as soon as the necessity for leave arises. Failure to provide proper notice, except in unanticipated situations, may result in the denial of the FMLA or Service Member leave request.

Upon returning from an FMLA or Qualifying Exigency Leave, you will be returned to your former position or a position with equivalent pay, benefits and conditions of employment.

While on family or medical leave, you will not lose any seniority or employment benefits that accrued prior to the beginning of leave. However, seniority and employment benefits will not be accrued during the leave period.

If you fraudulently obtain FMLA leave, you shall not be entitled to protection of job restoration and maintenance of health benefits provisions.

Financial Responsibility

While you will not be held financially liable for textbooks, supplies, equipment, materials or funds which have been stolen or lost by other persons, you are expected to exercise reasonable control over these assets under the direction of the worksite supervisor. You are required to comply with local and District audits. Audit materials are available upon request, and compliance with audit requirements will fulfill your responsibility regarding collected funds.

The misappropriation of funds, supplies or other assets, and the improper handling of money or financial transactions are strictly prohibited. Fraudulent activity may result in disciplinary action, up to and including dismissal, and possible prosecution.
