

PLCP and PLCP Orientation

Are you on a 3 year temporary teaching certificate and need to become alternatively certified?
Interested in learning more about the ACPS Professional Learning Certification Program?

PLCP Future Orientation Dates to come...

PLCP is Alachua County's alternate path to satisfy the professional preparation requirements for a Professional Educator's Certificate. See [here](#) for other options available as well. **Updated 02/20/24**

It is a requirement to have a mentor while you move through the PLCP program. Ask your principal to make a recommendation for someone on your campus who could be a mentor to you. PLCP mentors MUST:

- Be RECOMMENDED by the principal and the admin has verified that the mentor has:
 - rated effective or highly effective on their annual performance appraisal **and**
 - completed Clinical Educator training **and**
 - **3+** years of teaching experience
- attend PLCP orientation with participating teacher

Please work on securing a mentor prior to the orientation as he/she will need to attend with you! You will want to share the zoom meeting information below with your mentor to attend.

Virtual PLCP Orientation Meeting Dates to be Determined

Click [HERE](#) for more information about the ACPS PLCP program.
