

Dear Parents/Guardians,

We're excited to share that we will be offering literacy tutoring in the following areas: Reading, English Language Arts, Science, Social Studies, and Mathematics. Tutoring will begin December 5th and will be available Monday-Thursday through March 2023. Sessions will be available from 3:45 pm- 4:45 pm each day. In addition to tutoring during the week, we will offer a few Saturday tutoring sessions as we move into the Spring semester. Virtual tutoring opportunities will be available during the Saturday sessions in the Spring.

All sessions will be facilitated by highly-qualified teachers. Tutoring sessions are intended to provide additional learning opportunities for students to increase literacy skills, readiness for State exams, reinforce core curriculum and grade-level standards, as well as accelerate learning for those who are performing below grade level.

If you would like for your student(s) to take advantage of any of our session offerings, please review the schedule provided below.

We look forward to supporting your student(s)!

Additional Information:

- ❖ If your child does not display good effort & behavior, he/she may be replaced with a more motivated student from the waiting list.
- ❖ Transportation is **not** provided by the school district.
 - The Gainesville Regional Transit system does have a bus stop near our school. Access their website to see if this might be an option for your child.
 - Website: <https://go-rts.com/>
- ❖ Students are to be picked up promptly (no later than the end time listed below) as supervision is not provided after this time.

Session Specifics

Reading/ELA

Students will review/practice literacy strategies designed to improve comprehension/understanding of grade-level text and writing. Concepts to be covered include main idea and details, sequencing, compare and contrast, fact and opinion, cause and effect, making inferences, identifying and analyzing text evidence, expository and argumentative writing. Tutors will also be available to provide targeted support as needed. Computer lab access is available for students to work independently with adult supervision/support.

Science, Social Studies, Math

Students will use high-yield literacy strategies to analyze informational text and explore vocabulary strategies to support understanding of content areas.
