Skyward Mobile Access App Instructions

1. Download the app from the appropriate store onto your device. The Skyward Mobile Access app is available from the iTunes Store, the Google Play Store, and the Amazon App Store. This app will give parents the ability to see their child's grades, and attendance on their mobile phone or other mobile device.

2. Set a 4-digit passcode. This code is required each time you access the app.

3. Choose **Add an Account**. You can search by current location, postal code or district name (Alachua).

4. Enter your Family Access Login and Password.
 - You can give this account a description, such as "Family Access." Click Save.
 - Please note that the login and password credentials are saved on the device, hence the need for the passcode created above.

5. Select the **Family Access** module.

- Once the gradebook is available, you will be able to see your student's grades and assignments.
- A tutorial is available in the App.
