### Morning Mile Weather Policy:

The weather is changing and we don't run Morning Mile when the temperature is forecasted to be below 40 degrees. It's a little complicated, but designed so you'll know the night before so please read carefully!

1. At exactly 9:00 pm the night before, go to Weather.com (no other App or website! They are often differ a little!), and...
2. If the forecasted temperature for 7am is less than 40 degrees (39 degrees or less) there will be NO morning mile.

FAQ (but only if you don't read 1 & 2, above, carefully!).

- What if the 7am forecast is 38 degrees, but it turns out to be 42 degrees... will we run? NO!
- What if the 7am forecast is 41 degrees, but it turns out to be 37 degrees... will we cancel? NO!
- What if the weather app on my phone (or WeatherBug or WeatherUnderground or AccuWeather) has a forecast of 39 degrees? Argh! Go back and read #1!
