Upward Bound Math-Science

Upward Bound Math Science (UBMS) is a program designed to assist potential first-generation college-going students prepare for college math and science programs. Our mission is to help students achieve academic excellence in math and science and navigate a college pathway in math and science majors.

Upward Bound Math-Science provides assistance with:

- ▶ Academic support
- ▶ Career counseling
- ▶ Financial aid counseling
- ▶ Tutoring
- ▶ Exposure to college campuses
- ▶ Preparing for college entrance examinations
- ▶ Completing college admission and financial aid applications

Upward Bound programs and the printing of this document are made available through a federally funded Department of Education grant.
