

Opportunities for Teachers and Schools

Opportunities for teacher and school-based grants are ever changing. Teachers may use the following link(s) to assist them in locating funding sources that may be suitable for funding their projects.

<http://www.grantsalert.com>

Please note that many grants require the applicant to be a 501(c)3 organization. The School Board of Alachua County does not qualify to apply under these conditions. The District is a tax exempt organization and may, in some cases, apply as a non-profit, but the district does not qualify for grants offered only to 501(c)3 foundations.

The Alachua County Public Schools Foundation is a 501(c)3 organization and, depending on the conditions of the grant, might be willing to work with you and/or your schools. You can reach them at 955-7003.

If you have any questions, need someone to look over the grant opportunity, or need someone to help edit your narrative, you may contact Project Development at 955-7605.

Please note that district policy requires that grants are reviewed by the Project Development Department. Any grant submitted on behalf of a school or school program that exceeds \$1,000 in value should be sent through Project Development. Grants applications that exceed \$5,000 must be Board approved.
