From the Principal's Desk:

We are off to another great school year at W.W. Irby Elementary School! You will find lots of helpful information at

<https://bit.ly/3qRAp2R>.

Please take some time to review this information.

I would like to invite you to our annual Open House event on September 7th. We will be offering two sessions for your convenience, 5:30-6pm and 6-6:30pm. You only need to plan to attend one session, unless you have multiple children attending Irby. The attached calendar has additional information and other important dates to note.

Our school will be giving two different types of assessments this year.

FAST stands for Florida Assessment of Student Thinking. This is a state-required computer-based assessment. The goal is to monitor progress from the beginning of the year to the end of the year through three separate sessions. This will provide timely information to teachers and parents about each student's progress in both reading and math. The information will be used to guide instruction to meet the needs of all students in the best ways.

DIBELS stands for Dynamic Indicators of Basic Early Literacy Skills. This program is used in grades K-5 district-wide. It consists of a series of short tasks administered one-on-one to measure critical reading skills. Like a thermometer to take your child's temperature, it provides a quick indicator of your child's "general health." These quick DIBELS tasks provide teachers with information about your child's reading health and how well he or she is progressing on particular early reading skills.
