The Great Gatsby: The Original 1925 Edition

by **F. Scott Fitzgerald** | Sep 9, 2021 (\$6.99 on Amazon)

Read and enjoy.... We will be discussing the book during our first weeks in August.

Also, read about what's going on in the world for discussion.

Find national/international news websites you like. Follow the headlines. Track down the background information. Read the Op-Eds. Become an expert on the issues that interest you. Bookmark good reads for future reference.

For instance, What's Trump up to now? (long list....)

Why is he cutting funding from Harvard?

Will Canada become the 51st State? Is that a serious question?

Who is being affected by new immigration laws?

What Supreme Court cases are being decided next?

How are the Democrats planning to win back the White House?

What is the latest on Climate Change?

When and how will the fighting in Israel/Gaza stop?

What will happen next in Ukraine? In South Sudan?

What about tensions between India/Pakistan and China/Taiwan?

How is America preparing for a possible World War?

The above is my list...you create your own. Be curious...find answers.

Have a wonderful summer :)

Looking forward to getting to know you!

Mrs Ingram
