

LIBRARY NEWSLETTER

August 2024

This Month in the Library

This month we are learning about our library and how to take care of books. I started the year reading "All Are Welcome" with the younger grades and exploring story elements with the older students.

Genre Focus

This month we are discussing how our school library is genrefied, meaning that the fiction books are organized by genre.

Nonfiction Spotlight

We are starting the year with the basics. We are learning that nonfiction books present readers with lots of cool information!

Reading at home

Finding time to read at home is a great way to help your student grow their skills and share their learning with you!

Reminders

- Be sure you keep food and drinks away from your books.
- Markers and crayons are great for coloring, but keep them away from your library books.

Meet Ms. Duke

Hello Idylwild Families! I'm your new Media Specialist. My name is Ms. Duke and I'm looking forward to helping your students find books and discover a love of reading over the coming year!
