We are committed to the success of every student!

A Message to the Community

Alachua County Public Schools' mission statement says we are committed to the success of every student. We are also committed to being good stewards of public dollars.

Giving our teachers, schools and students the tools they need to achieve success requires resources. Unfortunately, funding for our local schools and for those across the state of Florida continues to be a challenge. In fact, our per-pupil funding is still less than it was ten years ago.

That shortage of resources means it's even more critical that we be efficient with what we do have. It's also important for the district to be financially transparent.

This Executive Summary, produced annually by our Department of Business Services, highlights important information about this year's budget, including revenues, expenditures, millage rates, etc.

The 2018-19 budget for all district funds totals \$371,977,595. This includes funds in four separate categories. The largest is the General Fund, which supports the general operations of the school system. Employee salaries, utilities, supplies, instructional materials, etc., are all part of the General Fund.

The Special Revenue Fund covers revenue earmarked for specific purposes. This includes federal grants and the food and nutrition program. The Debt Service Fund pays for taxpayer-approved bond issue debt, State Board of Education Bond debt, and the QZAB escrow account, which is used to acquire or build facilities. Revenues for the Capital Projects Fund come primarily from a special millage rate levied on local property owners. Under state law, those revenues are to be used for major capital acquisitions, maintenance and repairs and the replacement of loans.

We encourage local citizens to review this document and to visit our Finance Office webpage for more detailed information. The link to that webpage is:

Citizens may also contact Business Services at (352) 955-7559 for more information.

Thank you for your continuing support of our students and schools!

Sincerely,

Karen D. Clarke, Superintendent Alachua County Public Schools

Caren Clarke

GENERAL FUND REVENUE HIGHLIGHTS

The voter approved 1.00 mill property tax will remain in effect for three (3) more years to continue Elementary Art and Music programs, Middle & High School Band programs, Middle & High School Chorus programs, School Library programs, Elementary Guidance, Academic/Career/Technical Magnet programs, Middle and High School Chorus programs, Classroom Technology, and School Nurses. This additional tax will generate approximately \$15 million dollars. The following are state allocation adjustments:

- Instructional Materials: Alachua County Public Schools will receive \$2,498,806, a decrease of (\$25,283) from 2017-2018, to be used for textbooks, library materials, and consumable materials.
- Student Transportation: Alachua County Public Schools will receive \$4,029,013, an increase of \$46,497 from 2017-2018, to provide transportation services to students.
- School Recognition Program: Alachua County Public Schools that earned a grade of "A" or increased one letter grade in 2017-2018 will receive \$100 per student, for an estimated total of \$1,334,007.
- Teacher Classroom Supply Assistance: All full-time classroom teachers will receive approximately \$313 to be used towards the purchase of classroom supplies so that all students will have the materials they need for daily lessons.
- Class Size Reduction: Alachua County Public Schools will receive \$30,903,724, an increase of \$362,553 over 2017-2018, towards the implementation of the class size reduction amendment.
- Safe School Allocation: Alachua County Public Schools will receive \$1,911,244, an increase of \$1,102,331 over 2017-2018, towards school safety projects.

The 2018-2019 Board priorities continue to focus on, but are not limited to, the following:

- To implement a competitive salary schedule for Instructional, Non-Instructional, Professional & Technical, and Administrative staff.
- To manage the district's financial resources in an Effective, Efficient, and Equitable manner.
- To ensure conditions that prioritize family and community stakeholders' engagement and involvement in the educational process.
- To ensure a safe and orderly environment for students and staff that provides optimal conditions and opportunities for teaching and learning.
- To ensure an environment that provides optimal conditions and opportunities for recruitment and retention of effective staff.
- To ensure an environment that promotes and fosters up-to-date technology resources for staff and students.
- To ensure that conditions of the district's infrastructure foster and promote environmental stewardship.

PUPIL POPULATION PROJECTIONS

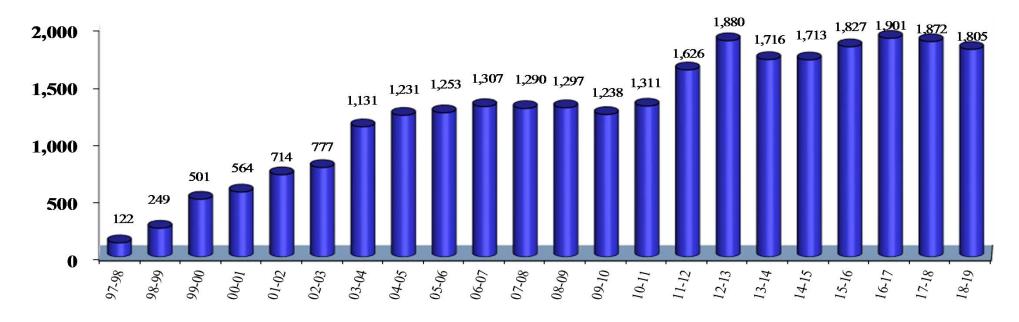

CHARTER SCHOOLS

A charter school is a public school that is operated by an independent governing body under contract with the School Board. The purpose of charter schools is to improve student learning through the use of different and innovative teaching strategies.

Included in the pupil population projections for Alachua County are 1,805 charter school students. In 1997-1998, the School Board approved three charter schools with more than 120 students. Since then, the number of charter schools has increased to a total of fourteen, the latest of which is the Resilience Charter School which was approved for the 2016-17 school year.

Funding for charter schools is generated by student enrollment through the Florida Education Finance Program in the same manner as all other schools.

APPROPRIATIONS BY FUND CLASSIFICATION

<u>FUND</u> is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources. The following funds are included in this budget document:

Code

<u>100</u>	<u>General Fund:</u> The fund used to account for all financial resources except those required to be accounted for in another fund.
<u>200</u>	<u>Debt Service Funds</u> : Funds established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.
<u>300</u>	<u>Capital Projects Funds:</u> Funds created to account for financial resources to be used for the acquisition or construction of major capital facilities.
400	<u>Special Revenue Funds:</u> Funds used to account for the proceeds of specific revenue sources (other than expendable trusts, or for major capital projects) that are legally restricted to expenditure for specific purposes. Use of Special Revenue Funds is required only when legally mandated. In Florida, Special Revenue Funds shall include Federal categorical aid and a Food Services Fund.

APPROPRIATIONS BY FUNCTION CLASSIFICATION

<u>FUNCTION</u> means the action or purpose for which a person or thing is used or exists. Function includes the activities or actions which are performed to accomplish the objectives of the enterprise. The activities of local districts are categorized into major functions as follows:

Code

- Instructional. Instruction includes the activities dealing directly with the teaching of pupils, or the interaction between teachers and pupils. Teaching may be provided for pupils in a school classroom, in another location such as in a home or hospital, and other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or assistants of any type which assist in the instructional process.
- <u>Pupil Personnel Services.</u> Those activities which are designed to assess and improve the well-being of pupils and to supplement the teaching process.
- <u>Instructional Media Services.</u> Consists of those activities concerned with the use of all teaching and learning resources, including hardware and content materials. Educational Media are defined as any devices, content materials, methods, or experiences used for teaching and learning purposes. These include printed and non-printed sensory materials.
- <u>Instruction and Curriculum Development Services.</u> Activities designed to aid teachers in developing the curriculum, preparing and utilizing special curriculum materials, and understanding and appreciating the various techniques which stimulate and motivate pupils.
- <u>Instructional Staff Training Services.</u> Activities designed to contribute to the professional or occupational growth and competence of members of the instructional staff during the time of their service to the school board or school.
- Instruction Related Technology. Technology activities and services for the purpose of supporting instruction. These activities include expenditures for internal technology support as well as support provided by external vendors using operating funds. These activities include costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operations, network support services, hardware maintenance and support services, and other technology-related costs that are related to the support of instructional activities. Specifically, costs associated with the operation and support of computer learning labs, media center computer labs, instructional technology centers, instructional networks, and similar operations should be captured in this code.

APPROPRIATIONS BY FUNCTION CLASSIFICATION - CONTINUED

- Board. Consists of the activities of the elected or appointed body which has been created according to state law and vested with responsibilities for educational activities in a given administrative unit. Also included here are expenses of Board Attorney and other legal services, independent auditors, internal auditors that report directly to the Board, negotiators, lobbyists, etc.
- <u>General Administration (Superintendent's Office).</u> Consists of those activities performed by the superintendent and the assistant superintendents in general direction and management of all affairs of the school system.
- School Administration (Office of the Principal). Consists of those activities concerned with directing and managing the operation of a particular school. It includes the activities performed by the principal, assistant principal, and other assistants in general supervision of all operations of the school, evaluations of staff members of the school, assignment of duties to staff members, supervision and maintenance of the records of the school, coordination of school instructional activities with instructional activities of the school system. Includes clerical staff for these activities.
- <u>Facilities Acquisition and Construction.</u> Consists of those activities concerned with the acquisition of land and buildings, remodeling buildings, construction of buildings and additions, initial installation or extension of service systems and other built-in equipment, and improvement to sites.
- <u>Fiscal Services.</u> Consists of those activities concerned with fiscal operation of the school system. This function includes budgeting, receiving and disbursing cash, financial accounting, payroll, inventory control and internal auditing.
- Food Services. Consists of those activities concerned with providing food to pupils and staff in a school or school system. This function includes the preparation and serving of regular and incidental meals, lunches or snacks in connection with school activities and the delivery of food.
- <u>Central Services.</u> Activities, other than general administration, which support each of the other instructional and supporting services programs.

APPROPRIATIONS BY FUNCTION CLASSIFICATION – CONTINUED

7800 <u>Pupil Transportation Services.</u> Consists of those activities which have as their purpose the conveyance of pupils to and from school activities, either between home and school, school and school or on trips for curricular or co-curricular activities. Expenditures for the administration of pupil transportation services are recorded under these accounts, together with other pupil transportation expenses. Operation of Plant. Consists of activities concerned with keeping the physical plant open and ready for use. Major 7900 components of this function are utilities, including telephone service, custodial costs, and insurance costs associated with school buildings. 8100 Maintenance of Plant. Consists of activities that are concerned with keeping the grounds, buildings and equipment at an acceptable level of efficiency through repairs or preventative maintenance. 8200 Administrative Technology Services. Technology activities that support the school district's information technology systems, including support of the administrative networks, maintenance of administrative information systems, and administrative and managerial data processing. These activities include expenditures for internal technology support, as well as support provided by external vendors using operating funds. These activities include costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operations, network support services, hardware maintenance and support services, and other technology-related administrative costs. 9100 <u>Community Services.</u> Consists of those activities that are not related to providing education for pupils in a school system. These include services provided by the school system for the community as a whole or some segment of the community, such as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities. 9200 Debt Service. Payments of principal and interest for the retirement of debt. Transfer of Funds. Nonreciprocal interfund activity represented by the disbursement of cash or goods from one fund 9700 within the district to another fund without an equivalent report or without requirement for repayment.

2018-2019 INSTRUCTIONAL MATERIALS ALLOCATION GUIDELINES

The 2018 Legislature appropriated \$232,934,691 statewide for instructional materials, with \$2,498,806 being allocated to the Alachua County School District. This allocation includes: (textbooks \$2,328,720), (library/media \$133,575), and (science lab supplies \$36,511). Pursuant to Section 1006.40, Florida Statutes, schools must continue to spend at least 50% of their allocation on State-adopted instructional materials. Up to 50% of the allocation may be spent on non-State-adopted instructional materials, provided that adoptions, rollovers for large adoptions, growth, and dual enrollment are satisfied first. Accordingly, funds must be reserved to address these specific requirements. Evaluation forms must be on file in the district instructional materials office for all instructional materials used in the district's classrooms.

In addition, pursuant to State statutory requirements, all district instructional materials adoptions must be fully implemented by the district's schools within two years following a particular adoption. For the effective coordination and articulation of the educational programs between schools in the district, all instructional materials purchases will be coordinated through the district instructional materials warehouse. Likewise, all instructional materials purchased with State instructional materials funds are the property of the school district and not the individual schools in order to meet these same objectives. As a result, instructional materials may be shifted among the schools.
