

Multi-day Plan Using a Table

Copy and paste a table into the Gradual Release section to allow multi-day viewing. Teachers can design the table for a customized template to be used each week. A Tech Coach can help with customizing your planner.

The screenshot shows a web-based lesson planner interface. At the top, there are navigation tabs for 'Day', 'Week', and 'Month', with 'Week' selected. The date 'Aug 26, 2013' is displayed. Below the navigation, there is a blue header bar with the text 'BASIC 5-Day Template: Reading Unit: Week:'. The main content area is divided into several sections: 'Unit:', '*Benchmark(s):', '*EQs, OB3s & HOQ', and '*Gradual Release:'. The '*Gradual Release:' section contains a table with five columns labeled 'Day 1', 'Day 2', 'Day 3', 'Day 4', and 'Day 5'. Each column has a corresponding empty row below it for input.
