To The Parents/Guardian of: _____

This is to inform you that your child has been assessed for English proficiency and results indicate that he/she should be able to successfully function in the regular English-speaking classroom without further help from the ESOL program. If at any time you feel that additional assistance is needed, please notify us.

Congratulations on your child's progress in developing English proficiency! If your child has attended an ESOL center school, he/she must attend the zoned school to which you are assigned. If it is prior to the end of the school year, you have the option of having your child complete the remainder of the year at the ESOL center school.

Sincerely,
