

Welcome to our Gainesville High School Computer Lab web site.

We have 4 Computer Labs here at Gainesville High School

Our teachers use the Computer Labs for various class activities including research, creating Power Point presentations, setting up the turnitin.com accounts along with variety of other class activities. The Labs are also used for various online testing. Some of those include FAIR, ePat, FCAT and PERT.

The Hurricane Computer Lab, Room 27-056 is upstairs in the 9th grade center and is open for students from 7:30am to 3:30pm.

Students may come in to do class work and print out assignments. The documents they print out for class assignments are free but we do charge 10 cents for any pictures. It is helpful for students to have a flash drive to save their documents.

If you have any questions or concerns about our Computer Lab please email Mrs. Reese at reeseda@gm.sbac.edu or Mr. Judah at mark.judah@gm.sbac.edu
