

Dear Parents & Guardians,

Our doors are always open. It is our goal to create a school community that supports teaching and learning in both the school and home environment. Please feel free to call us anytime as we work to help meet the needs of our students.

Dean Leggon & Dean Ramirez

A. Quinn Jones Expectations

- Be Responsible
- Be Respectful
- Be Ready to Learn

A. Quinn Jones Vision

Our team will prepare secondary students (grades 6-12) with a quality education that enables them to succeed in society. We will cultivate creative thinkers, competent communicators and career-focused students. We seek to establish equity for all student learners, where each child feels valued and respected. Our school environment embraces uniqueness and creativity, fostering support for all student enrichment. Our daily routine is to inspire and motivate, wherein their outcomes will include successful academic achievement, career readiness, college preparedness, social-emotional stability and citizenship. Families, communities and educators will come together to establish the building blocks for overall excellence.

Our Positive Behavior Support System
