

Mustang **STRONG**

RETURN TO CAMPUS 2020

Weekly News for Parents Shell Elementary School September 11th-18th, 2020

Please be sure to check your child's backpack for this year's emergency cards. It is extremely important that parents/guardians complete the emergency card (blue) and return it to our school's front office OR their child's teacher as soon as possible. You may also include information about individuals, other than yourself, to whom you grant permission to check your child out from school. We use this card to update contact information in our district's database, as well, so that you receive emails, calls and texts through our school and district messaging system. If your address or phone number should change at any point throughout the school year, please stop by the school to update your child's emergency card.
