

Shell Elementary School

Weekly News for Families

March 1-5, 2021

Please help us in our efforts to keep all Shell students, teachers, and staff healthy by reviewing proper mask wearing habits with your children:

The CDC recommends that people age 2 and older should wear masks in public. Masks should NOT be worn by children under age 2 or anyone who has trouble breathing.

How to Wear your Mask Correctly:

- Wash your hands or use hand sanitizer before putting on your mask.
- Put the mask over your nose and mouth and secure it under your chin.
- Fit the mask snugly against the sides of your face, slipping the loops over your ears or tying the strings behind your head.
- If you have to continually adjust your mask, it doesn't fit properly, and you might need to find a different mask type or brand.
- Make sure you can breathe easily.

Other healthy habits to remember and practice:

- Wash your hands often, with soap and water, for at least 20 seconds each time.
- Use hand sanitizer if soap and water are not available.
