Footnotes to 2023-2024 Teacher Salary Schedule:

DESCRIPTION:

1. Procedures for determining creditable teaching experience:

State regulations require that satisfactory verification of previous teaching or work experience be on file in the Personnel Office before salary credit is given for that experience. These verifications are to be sent to former employers by the employee, using forms provided by the Personnel Department.

Salary adjustments retroactive to the beginning date of duty are made if verification is on file prior to the end of the fiscal year. Such adjustments shall be in accordance with the salary schedule or schedules in existence for all or part of a given fiscal year.

For determining experience credit to the maximum allowed, the following will be accepted:

- a. Each school year of service as a full-time teacher in a K-12 school, adult center, or school for students ages 0-21 if part of a public school for handicapped.
 - b. Each school year in which more than one-half of the total number of days worked was as a full-time teacher. (All experience based on 196-day contract year.)
 - c. Other appropriate experience may be approved by the Executive Director, Human Resources Division, or designee.
2. Commencing with the 1990-91 school year, teachers who are appointed for two (2) consecutive years in Alachua County at .50 will have earned one (1) year of experience for salary purposes.
3. Salary amounts for persons employed less than full-time may be adjusted to reflect hours rounded to two (2) decimal places as shown on Position Control.
4. No employee will receive a pay cut solely because of adjustments in the salary schedule.

PLACEMENT:

5. Teachers coming into the district with no creditable experience will be placed on the Instructional Salary Schedule at step 0. Experienced teachers coming into the district will be placed on the Instructional Salary Schedule at a point not to exceed current School Board of Alachua County Professional Services Contract teachers with comparable experience.
6. Except for teachers who did not receive a step increase in prior years, as per paragraph 14 of the salary schedule, teachers will be placed on the appropriate step based on years of creditable experience.

7. A maximum of six (6) years of verified work experience will be considered over and above that required by the State of Florida, Department of Education, and Alachua County schools for issuance of a district vocational teaching certificate in any vocational program certification area provided such work is certified by the district Director of Vocational Education to be in direct line with the subjects being taught. Occupational specialists may be eligible to receive this credit beginning with the 1993-94 school year.
8. In the event of a formal military call-up, teachers may receive credit for one (1) year of experience for every year of duty. If a teacher previously went on military leave but did not receive credit for years of experience, the teacher may request credit for additional years beginning with 2016-2017 school year. The teacher must present documentation for the leave to the Human Resources Division by July 31, 2016, or upon return from military leave.
9. An instructor employed under an ROTC program will receive an annual salary equal to at least 12 times the difference between his total monthly active duty pay and retirement pay. ROTC instructors may be placed on the teacher salary schedule if such placement is elected by the instructor. If the difference between active duty pay and retirement pay after annual adjustment results in a decrease in salary, the higher rate will be maintained.
10. Entry level required experience for NROTC/ROTC instructors shall be fifteen (15) years of military experience (retirement from active duty). An NROTC/ROTC instructor shall be granted a year of teaching experience for every year of military experience beyond the entry level required experience, up to a maximum of six (6) years' experience.

Teachers whose annual contracted period is 12 months will receive an additional one-tenth of the annual salary agreed upon for their step for each month of employment beyond 10 months.

11. Hourly salaries/rates for teachers in extended school year and/or adult education will not be less than the teacher's hourly rate of pay for the just completed school year if the program generates full-time equivalent student funding.
12. The annual salary of DROP Extension teachers will be reduced to reflect their increased retirement cost to the District, which is the difference between the FRS DROP rate (21.13%) and the FRS Regular Class rate (13.57%) For initial placement, DROP Extension teachers will be placed on the salary schedule closest to, but not less than, this calculated net reduction in pay (7.56%). Effective July 1, 2023.
13. Teachers who have retired through the Florida Retirement System, or who have otherwise retired from a teaching position in another state, and who are subsequently hired by the School Board will be placed on the Instructional Salary Schedule at Step 13.

ADJUSTMENT:

14. Denial of salary increase is not a routine measure. Such action must be supported by appropriate written documentation utilizing the teacher observation/evaluation system contained in the contract or the Alachua Teachers Assistance Program. A teacher denied salary increase may apply for reevaluation at midyear the next school year. An acceptable rating at midyear may warrant retroactive restoration of the salary increase. Any teacher under consideration for salary holdback will be notified in writing no later than March 15. Written notice of final determination of salary holdback will be provided to the teacher no later than May 15. ACEA will receive a list of those teachers under consideration no later than March 25 and a list indicating the final determinations no later than May 25.
15. All adjustments to salary as a result of the receipt of an advanced degree will be made within one (1) month after satisfactory verification of the degree. Payment may be retroactive during the current year to date the degree was awarded. Teachers applying for adjustments will be responsible for providing appropriate documentation to the Board.
16. It is the intent of the Board that all employees' payroll check stubs reflect accurate information. Should an employee receive an overpayment or underpayment, the Board will notify the employee in writing of such overpayment or underpayment upon discovery. Should an employee discover an overpayment or underpayment, the employee will notify the Board in writing. The Board shall respond to such notice within five (5) work days.

In all instances of overpayment, the Board will work with the employee to develop a reasonable schedule of repayment. Reimbursement to the Board will be made within 12 months of overpayment notification. Underpayments will be reimbursed to the employee no later than the next regular paycheck.

The Board will reimburse the employee for bank fees incurred as a result of the Board's underpayment error of contract salary. Reimbursement to the employee will be made no later than the next regular payroll following the Board's receipt of documentation of such fees.

17. A full-time teacher who is selected to teach an additional period(s) or who is assigned the duties of another regular position during an additional period will receive his regular salary plus a supplement of one divided by the number of periods normally taught by full-time teachers at that school. The percentage derived will be multiplied times his daily rate of pay for the additional period. No teacher will be assigned more than one extra period under this paragraph.

BENEFITS:

18. Terminal pay for accumulated sick leave will be granted to a teacher at normal retirement or to his beneficiary if service is terminated by death. Such terminal pay will be determined as described below:

- a. During the first three (3) years of service in Florida, the daily rate of pay multiplied by 35 percent times the number of days of accumulated sick leave.
- b. During the next three (3) years of service in Florida, the daily rate of pay multiplied by 40 percent times the number of days of accumulated sick leave.
- c. During the next three (3) years of service in Florida, the daily rate of pay multiplied by 45 percent times the number of days of accumulated sick leave.
- d. During and after the tenth year of service in Florida, the daily rate of pay multiplied by 50 percent times the number of days of accumulated sick leave.
- e. During and after the thirteenth year of service in Florida, the daily rate of pay will be multiplied by the total number of days of accumulated sick leave.

The daily rate of pay is that amount resulting from dividing total salary by the number of days the teacher is under contract.

For purposes of terminal pay for accrued sick leave and accrued vacation leave paid at retirement, or upon death of the employee, the daily rate of pay until June 30, 1994, will be computed by dividing the total salary, excluding supplements, by the number of days the teacher must be on the job to earn the annual salary for the year. (This is interpreted as 180 days for 10-month personnel and as 210 days for 12-month personnel.) For teachers under 12-month contracts, payouts for leave accrued after that date shall be calculated in the same manner except that the percentage of daily rate shall be equal to that of a retiring teacher on a standard 10-month contract. (This is interpreted as the percentage which applies to 10-month teachers or 196 days divided by 180.) Use of accrued leave shall be on a "last-in, first-out" basis.

Rates for payouts for leave accrued after February 1, 1996, shall be calculated by dividing the employee's annual salary by 196 days or 252 days depending upon whether the employee's contract is for ten (10) or twelve (12) months. Use of accrued leave shall be on a "last-in, first-out" basis. Credit already accrued would be paid at the higher rate or "grandfathered" in for existing employees.

19. A teacher must be regularly employed at the close of the payroll period during which paid holidays fall to be eligible to receive these paid holidays.
20. Teachers will have the option of receiving salary and supplement payments in 20 or 24 (last four (4) installments to be paid in one (1) check) equal installments.
21. Upon written authorization from a teacher, the Board will provide up to three (3) payroll deduction positions on teacher payroll checks for economic services programs sponsored by the Association. The Association will hold the Board harmless in any matter dealing with such deductions and will, upon request, provide to the Board information concerning the economic services programs.

22. Teachers will be provided the opportunity for concurrent participation in more than one tax deferred annuity program.

23. Beginning January 1, 2011, all teachers must utilize direct deposit of regular payroll checks.

24. Any teacher who

- a. uses no more than seven (7) days combined sick leave/personal leave in a year, of which no more than three (3) days may be personal leave, in one (1) school year may elect to be compensated for up to two (2) personal leave days at 80 percent of the teacher's daily rate of pay; or
- b. uses no more than five (5) days combined sick leave/personal leave in a year, of which no more than two (2) days may be personal leave, in one school year may elect to be compensated for up to four (4) personal leave days at 80% of the teacher's daily rate of pay.

Such compensated-for days will be deducted from the teacher's sick leave accrual. The Board will buy a maximum of four (4) days each year. To qualify, the teacher must submit such a request in writing no later than May 1. Contribution to the Sick Leave Bank will not be included for purposes of this section. This section applies only to regular work year, excluding extended school year.

25. A teacher may authorize transfer to his spouse, child, parent, or sibling who is also a district employee, of accrued sick leave, providing that the transfer relates to an illness or injury of the person to whom the leave is transferred. The person receiving the transfer may not use the donated sick leave until he has exhausted all of his accrued leave. Donations may be in amounts of five (5) or more days, or the remainder of the employee's sick leave balance if less than five (5) days, and shall not be covered by terminal leave payouts.

2. Non-Exempt employees may be eligible for overtime.

Overtime will be paid in accordance with the Fair Labor Standards Act. Overtime must be approved by the employee's supervisor prior to the employee working. When eligible employees work more than 40 hours in one work week, pay will be computed as follows:

- a. Work on unpaid (U) day(s) will be paid at time and one half (1 ½) hourly rate.
 - b. Work on Saturdays and/or Sundays after 40 hours will be paid at time and one half (1 ½) hourly rate.
 - c. Work on paid (P) holiday(s) will be paid regular hourly wage plus time and one half (1 ½) hourly rate. (This is equivalent to premium pay at 2.5 times hourly rate.)
 - d. Work on scheduled vacation (V) day(s) will be regular pay and the vacation day(s) will be rescheduled for the following work day.
3. Exempt Education Support Professional employees who are authorized in advance to work a specified number of additional hours shall be compensated at time and one half (1 ½) hourly rate for approved hours.
 4. The Education Support Professionals Salary Schedule does not represent years of service. Salary increases are not automatic.

 6. No employee will receive a pay cut solely because of adjustments in the salary range.

PLACEMENT:

1. New Hires: Initial placement for new hires shall be as follows: New employees shall be hired at Step 00 with credit for one (1) year of experience for every two (2) years of verified work experience in the field in which they will be employed, not to exceed step 12 of the Education Support Professionals Salary Schedule.
 - a. No employee shall be hired over step 12 in his salary range unless determined by the Superintendent after considering the recommendation of the Classification/Compensation Committee. If the Superintendent rejects or changes the recommendation of the committee, the committee shall be notified of the reasons for the Superintendent's decision.

- b. **Higher Salary Grade Promotion or Position Upgrade:** When a promotion or position upgrade is in a higher salary grade, the employee shall be placed on the new salary grade at a step closest to but not less than an 8% increase or to the minimum salary (step 00), whichever is greater.
- c. **Lateral Moves:** When a lateral move occurs within the same salary grade, the employee's salary shall remain the same.
- d. **Involuntary Assignment/Demotion to a Lower Salary Grade:** When an employee is involuntarily moved to a lower salary grade, the employee shall be placed on the new salary grade at the step closest to but not less than his current salary. If the current salary is above the maximum, continue the salary until the new fiscal year and place at maximum (step 24) for that range.
- e. **Voluntary Assignment to a Lower Salary Grade:** When an employee initiates and voluntarily accepts a position at a lower salary grade, the employee shall be placed on the same percentage of mid-point on the new salary grade.
- f. **Return from Retirement:** Education Support Professionals who have completed DROP and are rehired by the School Board will be placed on the Education Support Professionals Salary Schedule at step 12.

3. Training/Education Compensation:

An employee shall receive a 4% increase (within range promotion) based on training completed as described below, not to exceed the maximum (step 24), and will receive not more than one increase based on such training per two-year period.

- a. Upon completion of five (5) Automotive Service Excellence (ASE) training certificates, mechanics and mechanics' helpers will receive a 4% increase. Upon completion of ten (10) ASE certificates, mechanics will receive an additional 4% increase. Upon completion of fifteen (15) ASE certificates, mechanics will receive an additional 4% increase.

Employees who receive step increases for certifications are required to keep certifications current. Failure to do so will negate the increase and the employee will be placed on the appropriate step the following July 1.

Employees applying for adjustments will be responsible for providing appropriate documentation to the Board.
- 5. It is the intent of the Board that all employees' payroll check stubs reflect accurate information. Should an employee receive an overpayment or underpayment, the Board will notify the employee in writing of such overpayment or underpayment upon discovery. Should an employee discover an overpayment or underpayment, the employee will notify the Board in writing. The Board shall respond to such notice within five (5) work days.

In all instances of overpayment, the Board will work with the employee to develop a reasonable schedule of repayment. Underpayments will be reimbursed to the employee no later than the next regular paycheck.

- 6. To be competitive, or when the applicant's training, experience, or other qualifications are substantially above those required for entry level into the position, or when there are no qualified applicants available who are willing to accept the entry rate, starting salaries above 90% of mid-point shall be determined by the Superintendent after considering the recommendation of the Classification/Compensation Committee. If the Superintendent rejects or changes the recommendation of the committee, the committee shall be notified of the reasons for the Superintendent's decision.
- 7. The Superintendent, after considering the recommendation of the Classification/ Compensation Committee, may make adjustments in salaries to reflect additional responsibilities, maintain internal equity and/or external competitiveness. If the Superintendent rejects or changes the recommendation of the committee, the committee shall be notified of the reasons for the Superintendent's decision.

BENEFITS:

8. Eligible employees accrue vacation leave at a rate of two (2) days per calendar month. Vacation leave is credited the last day of each month. Any new employee or present employee who becomes eligible for vacation leave will earn a full month credit if they are employed for 11 days or more. When an employee is released or resigns, he will be paid for vacation time accumulated through the end of the last full month worked but not including the last partial month worked. Accrued vacation leave is paid on the last day of the last month worked at 100 percent of pay. The Board may schedule up to ten days of vacation per year.

Maximum accrued vacation leave is 700 hours on June 30. All vacation leave over 700 hours is deleted on July 1 each year. Vacation leave is accrued by 12-month (252-day) employees only. Part-time 12-month employees accrue pro-rata. Upon death of an employee, vacation pay will be paid to beneficiary or employee's estate.

9. Employees will receive salary in semimonthly installments.
10. Upon written authorization from an employee, the Board will provide up to three (3) payroll deductions on employee payroll checks for economic services programs sponsored by the Association. The Association will hold the Board harmless in any matter dealing with such deductions and will, upon request, provide the Board information concerning the economic services programs.
11. Employees will be provided the opportunity for concurrent participation in more than one tax deferred annuity program.
12. ESPs hired after September 1, 2005, must utilize direct deposit of regular payroll checks.
13. For purposes of terminal pay for accrued sick leave and accrued vacation leave paid at retirement, or upon death of the employee, the daily rate of pay until June 30, 1994, will be computed by dividing the total salary by the number of days the employee must be on the job to earn the annual salary for the year. (This is interpreted as 180 days for 10-month personnel and as 210 days for 12-month personnel.)

Payouts for leave accrued between July 1, 1994, and February 1, 1996, shall be calculated in the same manner except that the percentage of daily rate shall be equal to that of a retiring teacher on a standard 10-month contract during that period. (This is interpreted as the percentage which applies to 10-month teachers or 196 days divided by 180.) Rates for payouts for leave accrued after February 1, 1996, shall be determined by using the actual hourly rate earned by the employee at the time of retirement. Use of accrued leave shall be on a "last-in, first-out" basis.

For employees hired on or after July 1, 1995, terminal pay for accrued vacation leave may not exceed a maximum of 60 days of actual payment.

14. Personal Leave Buy-Back: Any employee who:
 - a. uses no more than seven (7) days combined sick leave/personal leave in a year, of which no more than three (3) days may be personal leave, in one (1) year may elect to be compensated for up to two (2) personal leave days at 80 percent of the employee's daily rate of pay; or
 - b. uses no more than five (5) days combined sick leave/personal leave in a year, of which no more than two (2) days may be personal leave, in one school year may elect to be

compensated for up to four (4) personal leave days at 80% of the employee's daily rate of pay.

Such compensated-for days will be deducted from the employee's sick leave accrual. The Board will buy a maximum of four (4) days each year. To qualify, an employee must submit such request in writing no later than May 1. Contribution to the Sick Leave Bank will not be included for purposes of this section.

15. A district employee may authorize transfer to his spouse, child, parent, or sibling who is also a district employee, of accrued sick leave, providing that the transfer relates to an illness or injury of the person to whom the leave is transferred. The person receiving the transfer may not use the donated sick leave until he has exhausted all of this accrued leave. Donations may be in amounts of five (5) or more days, or the remainder of the employee's sick leave balance if less than five (5) days, and shall not be covered by terminal leave payouts.

Food and Nutrition Services Employees

16. Food and Nutrition Services (FNS) employees who are certified at any time during the current school year under the School Nutrition Association (SNA) Certification Program will be paid an annual lump sum supplement at the close of the regular school year. Once an FNS employee is certified, he/she must earn one-third (1/3) of the points required for the specific certification level held (five (5) points Level I, ten (10) points Level II, fifteen (15) points Level III) each year in order to receive a \$200.00 certification supplement. At each level, one local Association meeting must be included as part of the minimum total requirement per year.

The salary supplement of \$200.00 will be prorated on an equitable basis to the period of certification. If disagreement arises over the proration which cannot be resolved and the ESP requests a review, a tripartite review panel consisting of one person each chosen by the parties and a third person receiving similar supplement(s) chosen by the representatives of the parties, will review the matter and determine an equitable resolution for proration which will be binding on the parties.

17. A professional uniform dress allowance of \$186.40 per school year will be paid to school FNS personnel. This allowance will be divided into two (2) payments of \$93.20. This is a maintenance allowance only. Certain items of uniform dress may be provided by the Board as described in the current Uniform Guidelines. Repeated failure to wear the prescribed dress is grounds for forfeiture of said allowance.

If a person has not been employed for the full five-month period, covered by a single payment, a prorated allowance will be paid. The employee must have been an active full-time FNS worker for a minimum of three (3) work weeks to be eligible for all or part of this allowance.

18. FNS Assistant I's who enroll and successfully complete Phase 1 of the FNS Career Ladder program as certified by the FNS Director will receive a six-step increase. FNS Assistant II's who were "grandfathered" in during the 2000-2001 school year and complete the Career Ladder Program will receive a three-step increase. FNS Assistant II's who have not completed requirements of the Career Ladder Program shall not be eligible for these increases until they complete the requirements for eligibility.
19. Food and Nutrition Services (FNS) Thermo Compactor Supplement (TCS)

The TCS supplement will be paid to the ACPS staff member that is executing this activity. There must be documentation for each category in order to be paid the supplement. Each category will have a different type of documentation.

Two categories:

 - b. In order to receive this monthly supplement, there must be movement of at least 80% of the month. Example if the month has 20 operating days, movement must be made at least 16 of those days.

Staff must sign up for whichever category they are interested in receiving the supplement and have approval by the FNS Director that they are the person responsible for this duty. This supplement will be paid twice per school year once documentation is accounted for in each of the categories.

20. Bus Drivers

- a. Drivers will be paid at their normal hourly rate of pay for time worked due to needed bus repairs, mechanical breakdowns, and student disciplinary procedures.
- b. Drivers for extracurricular trips will be paid at their normal hourly rate of pay.
- c. All changes in rates of pay will become effective when the school year starts in August.

- e. A professional uniform dress allowance of \$100 will be paid to bus drivers and aides.

21. Stipend: Education Support Professional participants who attend workshop activities outside of their normal work hours may be paid \$15.00 per hour. These rates do not include travel time.

 - b. Extra pay for extra duties will be paid two (2) times per year if the duties are assigned over the course of the year or in a lump sum at the conclusion of the duties, at the request of the employee. Should an employee resign or otherwise be unable to complete the duties for which he/she agreed to receive extra pay, the total amount available for the duties/time assigned, will be prorated on an equitable basis.

For other than the convenience of the Board, on July 1 of the following year, the employee will be placed on the step closest to but not more than his current salary in the appropriate salary grade.
- 10. To be competitive, or when the applicant's training, experience, or other qualifications are substantially above those required for entry level into the position, or when there are no qualified applicants available who are willing to accept the entry rate, starting salaries above the entry rate shall be determined by the Superintendent or designee and the administrator, supervisor, or principal of the department or school to which the new employee is assigned. With the approval of the Superintendent, adjustments may be made in salaries to reflect additional responsibilities, maintain internal equity, and/or external competitiveness.
- 11. It is the intent of the Board that all employees' payroll check stubs reflect accurate information. Should an employee receive an overpayment or underpayment, the Board will notify the employee in writing of such overpayment or underpayment upon discovery. Should an employee discover an overpayment or underpayment, the employee will notify the Board in writing. The Board shall respond to such notice within five (5) work days.

12. A Classification Committee will meet at least annually or as needed to review and ratify new position assignments and existing position reassignments (e.g., new jobs, jobs with changing duties and responsibilities, and jobs believed to be inappropriately classified). The Classification Committee shall be appointed by the Superintendent.

BENEFITS:

13. For purposes of terminal pay for accrued sick leave and accrued vacation leave paid at retirement, or upon death of the employee, the daily rate of pay until June 30, 1994, will be computed by dividing the total salary by the number of days the employee must be on the job to earn the annual salary for the year. (This is interpreted as 180 days for 10-month personnel and as 210 days for 12-month personnel.)

Payouts for leave accrued between July 1, 1994, and February 1, 1996, shall be calculated in the same manner, except that the percentage of daily rate shall be equal to that of a retiring teacher on a standard 10-month contract during that period. (This is interpreted as the percentage which applies to 10-month teachers or 196 days divided by 180.)

Rates for payouts for leave accrued after February 1, 1996, shall be determined by using the actual hourly rate earned by the employee at the time of retirement. However, for purposes of computing the amount of terminal pay for accumulated sick leave, sick leave accrued after June 30, 2004, shall be compensated at no more than the daily rate of pay applicable at the time the sick leave was earned.

Use of accrued leave shall be on a "last-in, first-out" basis for leave accrued prior to June 30, 2004. Use of leave accrued after June 30, 2004, shall be on a "first-in, first-out" basis.

14. Terminal pay for accrued vacation leave may not exceed a maximum of 60 days of actual payment for leave accrued after July 1, 2001.

Effective July 1, 2005, the above rule applies for a DROP employee also. This means that vacation accrued after he/she joined DROP will be limited to the 60 days of actual payment when he/she terminates from DROP.

15. Twelve-month personnel shall earn two (2) days' vacation per month. No employee shall carry forward more than 700 hours beyond June 30 of each year. Up to ten days may be scheduled for the convenience of the Board.
16. Employees paid on the regular Professional/Technical Personnel Salary Schedule will receive six (6) paid holidays. This shall not be interpreted as applying to persons paid under an alternate salary schedule.
17. Employees will receive salary in semimonthly installments.
18. All Professional/Technical employees must utilize direct deposit of regular payroll checks.

19. Personal Leave Buy-Back: Any employee who:

- a. uses no more than seven (7) days combined sick leave/personal leave in a year, of which no more than three (3) days may be personal leave, in one (1) year may elect to be compensated for up to two (2) personal leave days at 80 percent of the employee’s daily rate of pay; or
- b. uses no more than five (5) days combined sick leave/personal leave in a year, of which no more than two (2) days may be personal leave, in one school year may elect to be compensated for up to four (4) personal leave days at 80% of the employee’s daily rate of pay.

Such compensated-for days will be deducted from the employee’s sick leave accrual. The Board will buy a maximum of four (4) days each year. To qualify, an employee must submit such request in writing no later than May 1. Contribution to the Sick Leave Bank will not be included for purposes of this section.

20. A district employee may authorize transfer to his spouse, child, parent, or sibling who is also a district employee, of accrued sick leave, providing that the transfer relates to an illness or injury of the person to whom the leave is transferred. The person receiving the transfer may not use the donated sick leave until he has exhausted all of this accrued leave. Donations may be in amounts of five (5) or more days, or the remainder of the employee’s sick leave balance if less than five (5) days, and shall not be covered by terminal leave payouts.

Vacation Days – Terminal Pay

For employees who retire on or after July 1, 2006, terminal pay for vacation leave shall include

- the balance of vacation hours “frozen” as of February 1, 1996, calculated at the daily rate of pay at October 1, 1997. Terminal payments shall be calculated pursuant to the method being used on October 1, 1997 (10b and 10c below);
- the balances of vacation hours accrued from February 1, 1996, until June 30, 2001,
- calculated at the daily rate of pay at retirement or death; and
- up to 480 hours of vacation leave accrued from July 1, 2001, until the date of retirement or death, calculated at the daily rate of pay at retirement or death.

When an employee is released or resigns, he will be paid for vacation time accumulated through the end of the last full month worked. This does not include the last partial month worked. Vacation leave shall be paid at 100 percent of pay.

Section 1012.65, Florida Statutes, states for new hires effective July 1, 2001, terminal pay for accrued vacation leave may not exceed a maximum of 60 days of actual payment. This limit does not impair any contractual agreement established before July 1, 2001.

For unused vacation leave accumulated before July 1, 2001, terminal payment shall be made pursuant to the district school board's policies, contracts, or rules that were in effect on June 30, 2001.

Effective July 1, 2005, the above rule applies for a DROP employee also. This means that vacation accrued after he/she joined DROP will be limited to the 60 days of actual payment when he/she terminates from DROP.

Sick Leave – Accrual

Employees shall earn one (1) day sick leave per month, credited in accordance with section 1012.61, Florida Statutes. Sick leave hours earned shall be accrued with no limit on accrual. Sick leave hours accrued as of October 1, 1997, shall be “frozen” and may be used in the event sick leave hours earned after October 1, 1997, are depleted.

Sick Leave – Terminal Pay

For employees who retire on or after July 1, 2006, terminal pay for sick leave include

- the balance of sick leave hours accrued from October 1, 1997, through June 30, 2004, calculated at the daily rate of pay at retirement or death; and
- the balance of sick leave hours accrued after June 30, 2004, calculated at the daily rate of pay applicable at the time the sick leave was accrued.

Employees who retired prior to July 1, 2006, shall be paid in accordance with salary schedules in effect at the time of retirement.

- b. For purposes of terminal pay for accrued sick leave and accrued vacation paid at retirement, or upon death of the employee, the daily rate of pay until June 30, 1994, will be computed by dividing the total salary by the number of days the employee must be on the job to earn the annual salary for the year. (This is interpreted as 180 days for 10-month personnel and as 210 days for 12-month personnel.)
- c. Payment for leave accrued between July 1, 1994, and February 1, 1996, shall be calculated in the same manner except the percentage of daily rate shall be equal to that of a retiring teacher on a standard 10-month contract during that period. (This is interpreted as the percentage, which applies to a 10-month teacher's annual salary, divided by 180.) Rates for terminal pay for leave accrued after February 1, 1996, shall be determined by using the actual hourly rate earned by the employee at the time of retirement. Use of accrued leave shall be on a “last-in, first-out” basis for leave accrued prior to June 30, 2004. Use of leave accrued after June 30, 2004, shall be on a “first-in, first-out” basis.

For purposes of computing the amount of terminal pay for accumulated sick leave, sick leave accrued after June 30, 2004, shall be compensated at no more than the daily rate of pay applicable at the time the sick leave was earned.

- d. Employees paid on the regular Administrative Salary Schedule will receive six (6) paid holidays.
- e. Employees will receive salary in semimonthly installments.
- f. All administrators must utilize direct deposit of regular payroll checks.
- g. A district employee may authorize transfer to his spouse, child, parent, or sibling who is also a district employee, of accrued sick leave, providing that the transfer relates to an illness or injury of the person to whom the leave is transferred. The person receiving the transfer may not use the donated sick leave until he has exhausted all of this accrued leave. Donations may be in amounts of five (5) or more days, or the remainder of the employee's sick leave balance if less than five (5) days, and shall not be covered by terminal leave payouts.

11. **Adjustments**

- a. Adjustments to salary will be made within thirty (30) days of appropriate verification of the completion of requirements for such adjustments. Payment will be retroactive during the current year to the date the requirements were fulfilled. Employees applying for adjustments will be responsible for providing appropriate documentation to the Human Resources Division.
- b. An increase in salary may be denied for unsatisfactory work performance. Such action must be supported by appropriate, written documentation. An employee denied a salary increase may apply for reevaluation at midyear. An acceptable rating at midyear may warrant restoration of the salary increase at midyear. Under normal conditions, an employee being considered for a salary holdback will be notified in writing no later than March 15. Written notification of final determination of salary holdback will be provided to the employee no later than May 15. Unusual circumstances may warrant a later notification.

12. **Post DROP**

Administrators who have completed DROP and are rehired by the Board will be placed at mid-point on the Administrative Salary Schedule.

- 13. The annual salary of DROP Extension teachers will be reduced to reflect their increased retirement cost to the District, which is the difference between the FRS DROP rate (21.13%) and the FRS Regular Class rate (13.57%) For initial placement, DROP Extension teachers will be placed on the salary schedule closest to, but not less than, this calculated net reduction in pay (7.56%). Effective July 1, 2023.
