

MEADOWBROOK PTA

2023 - 2024 Spring Newsletter

Message from our Board

Hello Meadowbrook families! Congratulations on getting through the first semester of the school year.

Meadowbrook PTA has many exciting events planned over the next few months. We have been working hard with Deputy Anderson to add much needed safety equipment to our school. With your support PTA has been able to not only add security tint to the front of our schools building but we are in the works to continue the tint to the back of the building as well. We have also financed 42 medical kits that have been strategically placed throughout the school. As well as purchased Convex Safety ? Mirrors that will soon be added. We are hoping to raise enough money from Boosterthon to contribute to a much needed walking path along the field.

None of this could have happened without your continued support. We thank you all! Stay tuned for more to come!
